Frequently Asked Questions (FAQs)

What is Mayapur Academy?

Mayapur Academy is a joint educational initiative of the ISKCON Mayapur Deity Department and ISKCON Deity Worship Ministry that offers several courses throughout the year to train students in different aspects of deity worship. All the courses are designed based on instructions and teachings of His Divine Grace A.C Bhaktivedanta Swami Prabhupada, ISKCON's Founder Acharya to fulfill his desire for the development of deity worship and Brahminical culture within ISKCON.

Its campus is located at ISKCON Mayapur in Chaitanya Bhavan

The Academy has classrooms with separate rooms for deity dressing with sets of deities to train in different aspects of deity dressing, a deity kitchen classroom with eight six-gas-burner stoves, a lecture room, and a library with an expanding collection of devotional literature. The facilities at Mayapur Academy ensure that each student has a clean and structured learning environment to maximize the benefits of learning the brahminical arts.

Do you accept non initiated or first initiated devotees for this course?

While the preference is given to devotees with Brahminical initiation , several of our courses are opened for first initiated and non initiated devotees as well. Some courses like Samskaras for men are not open to non initiated devotees. However, being initiated or even second initiated does not guarantee admission into our programs. Each application is screened individually, specifically for our 4 month diploma programs.

How to enroll for the admission in the course?

All application forms are available at <https://mayapuracademy.org/> Each applicant is required to fill a detailed form that also requires a letter of recommendation from the Temple President or recognised leader of the community. Each application is screened individually. Since there are limited seats for the course and preference is given to those with Brahminical initiation , each applicant is notified about the status of their application. There may be individual calls with the applicant or with the leader recommending them for the course, in case we need more clarity about certain aspects. All the approved applicants are then required to deposit the fee before the deadline for the admission into the program.

I don't wish to do the entire course, can I enroll for only some specific unit ?

We give first preference to students who have enrolled for the full diploma program that is of 4 month duration. If the capacity of the individual course that you are intending to do is remaining (there is a maximum limit to each of our individual courses) , seats are then filled on a first come first serve basis. We recommend all the students to apply timely and not wait for the last moment.

What is the difference between Diploma and Certificate courses?

The full 4 month program is called Diploma Whereas, if someone is attending only some specific unit and not the full program, they are given certificates. For both diploma or certificate, devotees are required to attend the full morning program, follow the 4 regulative principles, and chant at least 16 rounds of Japa every day. This is a mandatory prerequisite.

Do you provide accommodation , Prasada for the duration of the course ?

No, we don't provide that. These arrangements are to be made by students themselves.

Can a non English speaker enroll for these courses ?

Presently, the international diploma course is available in English language only. Some parts of this program are provided in Bangla and Hindi language as well at different times of the year.
